

RAK Ports Training Institute now offers the following training course:

Hazmat Awareness and Chemical Spill Responder

A 1 day awareness course for people who handle or store hazardous substances or operate in areas where they can be found and would be called upon to clean up a spill.

It is important for people working in a hazmat environment to be able to recognise the nature of a hazard, any safety precautions necessary and how to deal with it correctly should a spillage occur.

The course covers:

- *Hazard recognition*
- *Sources of safety information*
- *Chemical spills and how to minimise risk*
- *Emergency procedures*
- *Chemical spill clean-up procedures*

RAK Ports certification will be given upon successful completion of the training course valid for 3 years.

To enquire about course fees or to know more about the training and certification process and to see how we can help, please contact RAK Ports Training Institute on the following numbers or e-mail:
