

NOTICE TO MARINERS

No.18 – 28th Sept 2017

SUBJECT: Approaches to Al Jazeera Port

Ref: **Chart 3174, 3404**

Mariners are advised dredging works are on-going to develop a new approach channel at Al Jazeera Port. As such, new buoys will be placed in varying positions until the project is complete.

The Control Tower at Al Jazeera will have the most up to date information. Mariners approaching the port are advised to proceed to position Lat: 25° 47' N Long: 055° 44' E and contact the Tower on VHF Channel 16 & 68 prior to arrival.

Tower telephone contact number: +971 7 244 6627/244 6993.

Dredging operations are expected to finish later this year.

Updates to International Publications will be issued when the project is complete.

**Capt. Michael Magee
Harbour Master
RAK Ports**
