

NOTICE TO MARINERS

No. 11 – 13th April 2020

Subject: Seismic Survey along the Coast of Ras Al Khaimah

Ref : Chart 3174, Chartlet 3174

This Notice to Mariners has been issued on-behalf of **Geofizyka Torun Group**, who will be conducting a seismic survey along the coast of Ras Al Khaimah for a period of three months until end of June. For said survey, around 1000 small platforms (size 60x60cms) fixed with sensors will be deployed. Each sensor platform will be connected to sinker blocks and have a marker light flashing red colour in every 2 seconds.

The deployment of sensor platforms has already commenced from 1st Apr using Service Boat **Al Bahar-5** within below mentioned area in a linear manner at every 50m length with 400m interval between each lines (see attached drawing).

- a. 25° 43.563'N 055° 50.166'E
- b. 25° 47.572'N 055° 50.904'E
- c. 25° 46.844'N 055° 55.732'E

A regular boat patrol will be conducted in above said area to control / monitor the movements of fishing boats & other crafts.

During the period of survey, all Mariners in the vicinity are advised to:

1. Keep well clear of above-mentioned area.
2. All vessels / crafts proceed with minimum speed and navigate with caution.
3. Fishermen have been informed not to operate in this area.

For further any additional queries please contact :
