

Agents Notification

No. 01 of 2023 – 27th Jan 2023

Sub: Direct Berthing at RAK Maritime City FZA

**To: RAK Ports Marine Agents
RAK Maritime City FZA Tenants
Ship Owners, Managers and Operators**

In a continued effort to provide reliable and efficient services to our customers, with effect from 1st February 2023, vessels bound for RAK Maritime City FZA (applicable to vessels calling from outside the UAE) will no longer need to berth at Saqr Port or Raymond Jetty first and then proceed to RAK Maritime City FZA after obtaining immigration clearance.

The above entitlement is consistent with the approval granted by the concerned authorities which allows vessels to berth directly at RAK Maritime City FZA.

This latest development, along with relieving vessel traffic congestion currently caused by the process, will help enhance navigational safety.

**Capt. Michael Magee
Group Harbour Master RAK Ports**
